City Officials Take Oath Of Office At Tuesday Meet

New officers sworn in, was the first item on the agenda when the City Council met last Tuesday night. O. B. Horstman was sworn in Mayor; Roy Baskin, City Attorney; Joe Richter, City Marshal; and aldermen Milton Schiller and Roy Griffith were also sworn in at this time. Secretary Neomi Needham will take the oath of office at a later date.

County Diseases Go Down During Week

According to the Milam County Health Unit records diseases in the county have dropped during the past week, ending Friday, April 16.

Measles were cut down to only seven reported with sixteen cases of strept throat.

However, two cases of pneumonia were again on the unit's files. Other diseases were three of chickenpox and one case of mumps.

E. A. Perrin appeared before the council in behalf of the highway problems. He presented various items about the right-of-ways, and asked for a letter from the City Council stating that the City would pay for the installation of new curbs and gutter from the red light on 7th street east to the Underpass, and from the red light on 7th street and Crockett to the First Baptist Church.

The City agreed to pay for replacing existing curb and gutters from Travis south to the Underpass, and making a 52 foot street from the red light on Travis to the underpass, subject to the approval of the district engineer.

The summer recreation program was brought up when Allen Dodson, Joe O'Neil, John A. Smith, Ed Manning and Edison Fikes appeared before the Council, asking for financial aid from the

City in hiring a director for the summer recreation program and the installation of lights on the field.

The summer recreation program and lighting of the field was discussed by the Council to a great extent. A motion was made by Milton Schiller and seconded by Roy Griffith, that the Mayor appoint a committee

Carl C. Black Seeks Re-Election As Milam County Sheriff

Carl C. Black today authorized the Cameron Herald to announce his candidacy for re-election to the office of Sheriff of Milam County, subject to the action of the Democratic Primary, Saturday, July 24, 1954.

Mr. Black is known throughout the county and is recognized as a hard worker as well as one of the outstanding sheriffs of Texas. He has enjoyed a major of distinction and popularity accorded few who have held this important office, and is deeply grateful for the trust and confidence placed in his leadership by the people of Milam County. In seeking re-election, Mr. Black merits the commendation coming from friends throughout this area.

He has given vigorous administration to the duties of this office and has become widely known throughout Texas. In spite of his unusual activities Sheriff Black finds time and pleasure in helping (See Black - Page 12)

Bobby Balhorn, LuWane Asher Cop Regional Firsts

Two Yoe High School students copped a first place in the regional Texas Interscholastic League Meet held at San Marcos last Friday and Saturday. Bobby Balhorn placed first in the slide rule and LuWane Asher took first in ready writers, according to S. M. Layfield, principal of Yoe High School.

Both Bobby and LuWane will enter the State Contest held on May 8 in Austin.

The Cameron boys debate team, composed of Franklin Stewart and Wayne Fisher placed second at the regional meet.

The tennis matches began Friday with Anne Hinyard advancing to the semi-finals in the Senior girls singles division. She was beaten here by a Seguin player. The senior boys doubles team composed of James Posey and Billy Jo Reynolds also advanced to the semi-finals. A team from Cotulla edged them at this point.

15 Cameron Ladies Attend NCCW Meet In Cyclone Sunday

One hundred ladies, including 15 from St. Monica's Catholic Parish, attended the Cameron District meeting of the National Council of Catholic Women at Cyclone Sunday, April 25, with Mrs. Pete Mikula, of Cameron, district president, presiding.

The Rev. George J. Duda, pastor of St. Monica's church, Cameron, District Moderator and Dean of the Bryan Deanery, opened the meeting with a prayer to Our Lady of Good Counsel.

The welcome address was delivered by Mrs. Leo Green of Saint Joseph's parish, Cyclone.

After a business session Rev. Tim Valenta pastor of St. Joseph's church, Bryan gave a talk about the Marian Year. Pope Pius XII dedicated 1954 as Mary's year to pray for peace. Rev. Peter of St. Anthony's church, Bryan, talked about the NCCW as an organization and the wonderful work being done by the club.

Rev. M. O'Regan of St. Michael's Church, Burlington, talked on Catholicism. Rev. Duda gave an inspirational talk about the clerical endowment fund encouraging ladies to enroll families, sick members or friends in the fund to complete the Monsignor Gleiser's burse.

Miss Gussie Schultz, Diocesan President of NCCW also spoke on the fund.

Rev. Valenta closed the meeting with a prayer after which the board members selected new officers. Mrs. Frank Boriski of Bryan was named president. Other officers named were Mrs. Dorothy Petrek of Cyclone, vice-president; Mrs. Sam Congelose of Bryan, recording secretary; Mrs. Ed Bartula, Bremond, treasurer; Mrs. Tom Vorley, Bryan, Parliamentarian; Mrs. Frank Mauler, Bryan, auditor; and Mrs. Pete Mikula of Cameron, District representative.

of three to work with the School Board Committee to work out lighting of the field and summer recreation program. The motion was carried.

Lawrence Michalka and Joe Hawkins appeared before the Council in the interest of running the swimming pool this season. Their application was the only one the City has received. It was decided to let Michalka and Hawkins have the swimming pool job this season, subject to similar terms to be worked out as last year.

Mayor Horstmann handed out the various committees for the coming year: Street, Sewage and Lights, Robert Weems, chairman, J. C. Anders and Roy Griffith; Water, Anders, chairman, Gene (See Officials - Page 12)

Jim Miller Seeks Another Term As County Attorney

J. W. (Jim) Miller, county attorney of Milam County, announced to this paper today that he will seek re-election to that office again this year, subject to the action of the Democratic Primary July 24, 1954.

Miller has just completed his first term as county attorney, during which time he made for himself an outstanding record as a prosecutor. During Miller's first term, the criminal court docket has been kept unusually clean and as the cases come up for trial, an outstanding number of convictions were entered into the record.

Miller has attempted at all times to uphold the laws of the State of Texas and the Constitution of the United States and has made a vigorous effort to combat juvenile delinquency and the flagrant violation of the liquor laws especially in the sale of beer to minors.

He holds a bachelor of Science degree from North Texas State College in Denton, teacher's certificate and bachelor of law degree from Baylor University. He is a veteran of World War II, having served as an officer in the United States Navy. His tour of duty kept him overseas for 34 months in the service of his country.

Mr. and Mrs. Miller (Sugar) have three children; Mike, six years, Patty, four years and David, one year old. They have made their home in Cameron since 1951.

In his statement to this paper, Miller lauded the fine people of Milam County for the wholehearted cooperation they have given him in the execution of his duties as county attorney. He added that he wished to earnestly request their continued cooperation and support during his coming campaign.

Workers In Easter Seal Drive Feel That Campaign Great Success

William D. Faver Dies At His Home Thursday, April 22

William D. Faver, 84, died at his home on East 7th Street on Thursday, April 22. He was a retired barber. Mr. Faver was born January 9, 1870 in Kentucky.

Funeral services were scheduled Friday, April 23, at 4 p.m. at the Chapel of Marek-Burns Funeral Home with the Rev. Harrison McLerran, Christian minister, officiating. Burial in Oak Hill Cemetery.

He is survived by one son, T. J. Faver of Cameron and one daughter, Mrs. J. E. Caston of Beaumont. He is also survived by four grandchildren and three great-grandchildren.

Mr. and Mrs. Bernice Salach of Beaumont recently visited relatives and friends here.

Richard Williams, treasurer of the Milam County Easter Seals Campaign reported Monday morning that the drive was near completion with \$1,043 collected up to date. Anyone may still send in a donation if they have not yet done so. The drive will continue until May 1.

Although the fund raising drive lasts only until May 1, the work for the Crippled Children, who will receive benefits which are obtained out of the money collected, continues throughout the year.

Mrs. R. J. Woodum, co-chairman of the drive said, "We appreciate the full co-operation we have received from everyone and we appreciated the work and the funds that have been donated to this worthy cause." Mrs. Woodum continued to say that the people can rest assured that every penny would be used to help the crippled children. "We feel," Mrs. Woodum continued, "that the drive has been a great success."

Mrs. Carl Black is chairman of the Milam Chapter.

State Highway Commission Hits Action On Farm To Market Roads

AUSTIN — State Highway Commission Chairman E. H. Thornton, Jr. said last Tuesday it is high time for gaps to be closed in the state's farm-to-market road system.

At a public hearing he criticized attitudes of some county commissioners courts for allocating farm road money only to areas where votes are concentrated.

"If you're going to have a heal-

thy body, you need good circulation to all parts of it," he said. "The same is true of a county."

The criticism followed testimony by two separate visiting delegations. One said Milam County Commissioners would not vote to spend money in a sparsely settled area. The other said Kaufman County commissioners would not vote to spend an entire year's

road allotment in one precinct to close such gaps.

Thornton indicated the commission might decide to close gaps of its own accord if it cannot secure the co-operation of county commissioners.

Customarily, state funds for farm roads are divided annually among the various counties, with commissioners court designating where the money is to be spent within each county.

Sessions Set At Camp Texlake For Girl Scouts

Dates and fees for the 1954 season at Girl Scout Camp Texlake have been set by the Camp Operations committee. Mrs. R. A. Cox of Austin is chairman of the committee.

Camp Texlake is located 40 miles from Austin on Lake Travis. Open to Brownie, Intermediate and Senior Scouts as well as non-scouts, the camp will be open for seven weeks.

One-week sessions have been scheduled for Brownies, but a girl may attend several of these sessions. Sessions of one and two weeks have been set up for Intermediates and Senior Girl Scouts. A pioneer unit for girls who have completed the first three years of high school will also be offered. First year Counselor-in-Training opportunities are available for girls 16 and over who have had previous camping experience and wish to develop counselor techniques.

The fee for girls living in towns participating in the Camp Construction Fund is \$18 per week. These towns are Austin, Cameron, Georgetown, Llano, Lockhart, Taylor, and Luling; and counties participating are Burnet, Comal, Gillespie, Hays and Lampasas counties.

Funds Sought For Highways

AUSTIN April 20—An additional \$100 million a year for the next 43 years is needed to provide a "minimum highway program" for Texas, State Highway Commission Chairman E. H. Thornton, Jr., said Tuesday. The commission has asked that that sum be provided for use during the next year. Thornton said even if Texas matched increased federal aid funds it would mean only an additional \$35 million for the state highways.

Draft Delinquency Drops By 14 Per Cent In Texas

State Selective Service headquarters Wednesday reported a 14 per cent decrease in the number of draft delinquents during the first quarter of 1954.

As of April 1, a total of 656 men were listed as delinquent by local draft boards, in comparison to 725 at the beginning of 1954. Not all of these men have been reported to federal attorneys.

Brig Gen. Paul L. Wakefield,

state draft director, said the delinquency problem in Texas "is indeed a light one" when it's considered that 786,000 men are registered.

Wakefield said 43 out of the state's 137 boards had no delinquents listed.

Delinquents are those required to register who fail or neglect to do so. Only a local board can declare a man delinquent.

Goldthwaite Senior Is Essay Winner In Hospital Contest

Miss Patricia Bryan Goldthwaite High School Senior, was announced the winner of the "Why I Am Choosing Nursing" essay contest of the Central Texas Area Hospital Council, which ended April 15. Miss Bryan was invited to an all-day meeting of the council April 21, at the Kyle Hotel in Temple. She won a \$25.00 savings bond and her essay will be entered in the State Contest. It will be one of 17 final entries from which the State winner will be chosen. The State winner will receive a \$100.00 bond and an all expense-paid trip to Houston to the Shamrock Hotel May 20 to receive the award and be introduced at the annual banquet of the Texas Hospital Association.

Second place in the essay contest was won by Miss Velma Jean Pokorny, a junior at Taylor High School.

This contest was part of a nursing recruitment program being sponsored by the Texas Hospital Association to fill the need for nursing personnel in Texas Hospitals.

Social Security Will Protest More People as Years Pass

During 1953 almost 600,000 men and women retired from their work and began to receive monthly payments under the old-age and survivors insurance system, according to James B. Marley, manager of the Austin social security office.

This increase points up two facts: There is a steady increase in the number of aged persons in relation to our total population; and, the number of persons entitled to old-age benefits is rapidly increasing as the program approaches maturity. Thirty-six million people in the United States are now over 50 years old and 13 million are over 65. Four out of each five persons of the 36 million over age 50 are employed in work covered by the present social security program.

The program will protect more and more people as years pass and social security benefits will be an important factor in the financial status of these workers and their families after the workers' retirement.

Planned retirement - either by the worker, or forced by the employer, the worker's health or other reasons - is much simpler if the worker can estimate the amount he and his family will have from the social security program. This estimate can be made, he said, by the use of a free booklet, OASI-30, "How To Estimate Social Security Payments" which can be obtained at any social security office.

Measure To Allow \$15,000,000 Farm Loans Endorsed

WASHINGTON, April 23 — The Agriculture Department Friday endorsed a bill which would authorize the Farmers Home Administration to lend \$15 million of its emergency loan funds to farmers in areas not now eligible for the emergency credit.

K. L. Scott, director of agricultural credit services, gave the department's endorsement to the so-called "dust bowl" and legislation introduced by Chairman George D. Aiken (R-Vt.) of the Senate Agricultural Committee. Scott testified before the committee.

He said there are "a few areas" of the country where farmers have suffered a "serious economic disaster" because of sharp declines in prices of major cash crops. He said, as a result, there is "substantial need" for emergency credit not available from the Farmers' Home Administration under present authority.

Nocona And State Honors Civic Industrial Leader

The House of Representatives of Texas and the Nocona Chamber

of Commerce recently paid high honor to Miss Enid Justin, civic and industrial leader of Nocona. The House of Representatives unanimously passed a resolution commending Miss Justin for her civic and industrial contributions to Texas and the Nocona community. The Nocona Chamber of Commerce designated her as "Nocona's Woman of the Year."

Among Miss Justin's civic accomplishments is that of helping organize and produce Nocona's annual fall rodeo, known as the Chisholm Trail Round-Up. She has served as its president since it was organized three years ago. The association will sponsor an all-girl rodeo on June 4 and 5.

As the only woman president of a cowboy boot factory, Miss Justin has attained world-wide recognition as the head of the Nocona Boot Company. Nocona Boots are now sold in all 48 states and in many foreign countries.

Addie Mae Kirk Elected State FHA Officer

Jo Ann Kirk, District IV song leader, Sue Ann Mills, District parliamentarian and Addie Mae Kirk, Area VIII parliamentarian, represented Milam and Area VIII in the State Future Homemakers of America meeting held in Fort Worth April 21-24.

Addie Mae Kirk, high school junior, was elected parliamentarian of the Texas Association Future Homemakers of America. She was installed Saturday at the Will Rogers Auditorium in a most impressive ceremony with more than 3,000 girls present.

Polio Experts Give Approval To Start Of Vaccine Tests

WASHINGTON, April 25 — A committee of polio experts gave its final approval Sunday to the start of nationwide tests Monday of a new polio vaccine.

Innoculations of the new vaccine, latest entry in the quest for a means of preventing the "great crippler," are scheduled to get under way Monday in at least some of the 171 selected communities in 45 states.

The actual commencement of the trials, which may ultimately involve the vaccination of more than 500,000 children, was approved by a group of experts after a final two-day appraisal of the vaccine's safety.

Until the committee announced its decision, late Sunday afternoon, that the vaccine was considered safe for use in the tests, it still had been an open question

whether the vaccination program would be started as planned — even though the first shipments of the material already had been made to many of the states slated to take part.

Suraday's decision automatically released the delivered vaccine for use.

Drenching .35 Rain Falls Here

Farmers, ranchers and business men, alike, all carried smiles Wednesday morning after a drenching rain which amounted to .35 in the Cameron vicinity, with unofficial reports of more rain in other parts of the county, fell early Wednesday morning. High winds accompanied the rain storm.

The welcomed moisture showed temporary relief to farmers and ranchers who have been waiting for the rain to begin planting.

965 Men Included In June Draft Call

State Selective Service headquarters Friday announced a June draft quota of 965 men, 784 less than the June 1953 call.

Brigadier General Paul L. Wakefield, state director of Selective Service, said that local board quotas for June will be mailed from his headquarters the "last week in April."

At the same time, he announced that local boards would receive no June calls to send men for the combination mental and physical examination.

Approximately 1,000 men are scheduled for these examinations in May.

In a telegram received Thursday from Major General Lewis B. Hershey, national director of Selective Service, Texas Selective

Service was restricted from placing an "overcall" on the June quota.

The "overcall" is a device which insures the state of filling its quota, General Wakefield pointed out. In the past, national headquarters has issued a net call, allowing states to add additional men.

Previously, Texas has added up to 20 per cent of the net call to take care of postponements, rejections, reclassifications, and other possibilities which can reduce a net quota considerably.

"Texas rarely over hits its quota on the nose," General Wakefield commented, "going over or under, depending upon our judgment about the overcall."

The state director of Selective Service pointed out that the Army is acting to lose one division by June 30, 1954, and two more by June 30, 1955. All services are reducing strength but the Air Force.

Paul Bolton Seeking Re-Election To Board of Education

AUSTIN, - The news editor of KTBC in Austin, Paul Bolton, has announced as a candidate for re-election to the Texas State Board of Education.

This is a non-compensated board, set up on an elective basis at the time the Gilmer-Aikin laws went into effect. Bolton has served as a member of the board since its inception. At the present time he is chairman of the board's committee on the observance of the Texas Centennial of education; and a member of the committee which will supervise the \$2,500,000 renovation program at the state school for the deaf.

Bolton has been news editor at KTBC since 1944. He handles agi-

radio broadcast at 7:30 each morning and 1:00 p.m. and a television newscast at 6:15 each evening.

He has been a news correspondent in Austin since 1930.

Board of education members are elected by congressional districts. The tenth district includes these counties: Travis, Bastrop, Williamson, Hays, Blanco, Burnet, Lee, Caldwell, Burleson and Washington.

K. A. ANDERSON, prominent businessman of Palestine, was elected president of the East Texas Chamber of Commerce at its annual convention in Beaumont on April 22-23. Mr. Anderson is in the outdoor advertising business in Palestine and Greenville and is president of the "K" Way Maintenance Co., a painting contracting firm. He also owns the "K" Way Builders Supply, Company of Fairfield and the Circle K, Herford farm near Palestine. He is at present District Governor of Rotary International, District 190 and holds a number of other positions of leadership in local, regional, and State organizations.

Swanzy-O'Quinn Wedding Held At Dallas April 17

Miss Martha Swanzy and Mr. Charles O'Quinn pledged nuptial vows Saturday night, April 17 at the Northside Assembly of God Church in Dallas. Rev. V. D. Kelly performed the wedding ceremony.

The couple's only attendants were Miss Shirley Deane and Don Busby.

The bride wore a blue linen suit with navy accessories. She wore a corsage of white carnations.

After the ceremony, the couple dined at Red Bryant's.

The bride is the daughter of Mr. and Mrs. L. A. Swanzy of Ben Arnold. Mr. O'Quinn is the son of Mr. and Mrs. J. W. O'Quinn of Grand Prairie.

Mr. and Mrs. O'Quinn are both employed at Dallas where the couple will make their home at 1622 Cedar Hill Avenue.

Buckholts Seniors Honored At Banquet And Prom April 23

The Buckholts High School juniors honored the graduating seniors at the school cafeteria Friday night for the annual junior-senior banquet. Colors used in decorations ranged from deep purple to orchid. Theme for the banquet was "April Showers."

The speakers table was center-

ed with an arrangement of gladiolas and chrysanthemums. The main address was given by O. W. Benold, school superintendent.

Charles Obermiller and Zackie Griffin were Masters of ceremonies and Gloris Mendoza gave the invocation. Helen Svetlik welcomed the seniors and Erval Jungmann gave the response. Corine Mekush read the junior class desires.

Miniature books for autographs and memories of 1954 and little parols in spring colors were used as plate favors.

Grace Stoebner gave the benediction.

The Salty Square Dance Club will have its fifth annual jamboree at the Simon-George Memorial Hall in Cameron on Saturday night, May 1.

Dancers from Central Texas and as far south as Houston will be present to enjoy the evening of dancing and fellowship.

All dancers in the territory are urged to attend and anyone wishing to watch the jamboree is cordially invited to do so.

Diseases Down Over County During Week

There were only eight cases of measles reported on the Milam County Health Unit list during the week ending Friday, April 24.

Other cases, according to a report submitted by Dr. John B. Bryson, director, listed were five of strep throat, and one each of amebiasis and diptheria.

CARD OF THANKS

We wish to express our sincere appreciation to every one who helped us during the illness and at the death of our loved one and mother, Safronia Rogers.

We are especially grateful to Rev. J. W. Scott and his church members of San Antonio for their untiring services and words of comfort.

To those who sent food to our home and the beautiful offerings or anyone who expressed their sympathy, we are deeply grateful.

The Rogers Family.

Penney Company Plans Biggest Expansion In More Than 20 Years

Stockholders of J. C. Penney Company, nation-wide department store organization, heard at the annual meeting recently that 1954 will see the Company's largest new-store expansion program in more than 20 years.

A. W. Hughes, president, said the Company will open at least 30 new stores this year in communities where it has not previously operated stores.

In the planning stage is a total of 63 new stores including 46

which, he said, will be suburban or shopping center stores to meet the increasing demand for shopping facilities outside the larger cities.

In addition, 53 existing stores will be relocated in new buildings in towns long served by Penney stores, compared with 17 last year.

Also, the Company will continue an extensive program of remodeling and improving existing stores. Last year 176 stores were improved by refixturing or by adding selling space and at least this number will be improved this year, he said.

Optimistic about future business conditions, Mr. Hughes told the stockholders.

"No one could be privileged to share in the general operation of a nation wide concern, located in nearly 1,600 communities, without having faith in the vitality of our American system and our free way of life.

"The continued increase in population, the movement of Suburbia, the urge to better living—all help to provide a constantly enlarging area of opportunity for our Company. We believe that the Penney Company is in an excellent position to take advantage of this opportunity."

Texas Farm Bureau Will Again Sponsor Queen Contests

The Texas Farm Bureau will sponsor a state-wide queen contest again this year, according to J. Walter Hammond, president of the state farm organization.

Purpose of the contest is to give recognition to the beauty, charm and vivaciousness of Texas farm and ranch girls. Contestants will be judged on three main points: (1) appearance, (2) poise, and (3) personality.

Finals of the state-wide queen contest will be held the night of Nov. 8 at the 21st annual convention of the Texas Farm Bureau in Galveston. The girl chosen Texas Farm Bureau Queen will receive \$500 for herself and a matron escort to attend the 36th annual convention of the American Farm Bureau Federation in December in New York.

Only daughters or sisters of Farm Bureau members are eligible for the contest. To enter the contest, girls must be 16 by Sept. 1, 1954, and not over 22 years of age on that date. Daughters of employees, officials, or directors of either the state organizations are not eligible. Neither are previous state winners.

County Farm Bureaus over the state will begin holding eliminations in July. County winners will compete in 13 district contests to be held Sept. 13-25. District winners and their matron escorts will receive expense-paid trips to the Galveston convention. In addition, the contestants will receive beautiful wrist watches.

Miss Fayteen Peoples, 17-year-old blonde beauty from Quail, Collingsworth County, was Texas Farm Bureau Queen last year.

LITTLE RIVER PHILOSOPHER IN FAVOR OF TELEVISION GADGET TO CHECK ON CATTLE FROM THE LIVING ROOM SOFA
Editor's note: The Little River Philosopher on his Johnson grass farm on Little river has a lazy interpretation for a new use for television, his letter this week reveals.

Dear editor:

I have never stood in the way of progress, as most progress has been able to go around me without its slowing down or me speeding up, like wind around the Rock of Gibraltar, and it was with considerable interest I read the other day where the television industry is working on some new gadgets.

One of these for example is a television camera they put up revolves slowly

stay in forests, around, sending a and the camera on the look - out er fifty miles away. Under this tower where fire picture to a control tower cent-watches now system, forest fires can be automatically spotted, thus eliminating the lonely work of a man sittin up there all by himself lookin through a pair of binoculars.

I thought this matter over all come to the conclusion it opens yesterday afternoon and have up vast new fields of time saving although it has been my observation the more time - saving gadgets mankind gets the harder people work, and I like to cite the example of myself as proof you can have plenty of time on your hands without going in the gadget route. As I have contended all along, a four-row cultivator is no improvement over a two-row if all it means is your gonna work more land and still plow from sun-up to sun-down. If a four-row cultivator doesn't enable a man to stop his work at noon, in the final analysis he may not be any better off than he was with the two-row, particularly if he works all year and winds up in the hole anyway.

At any rate, this television gadget intrigues me. Farmin would have a whole lot more appeal to me if I could sit in my livin room and direct a robot tractor up one row and down another, just by twirlin some dials. Rasechin wouldn't be no trick at all if a man could sit under an electric fan and check on his cattle as they grazed in front of a television camera, and I don't see why you couldn't set up another camera to watch your cork while you fished stretched out on the livin room sofa.

Understand, though, when they get these things perfected, they sure want to include a key so a man can lock up the set when he pleases. The last thing I want is a television gadget a wife can flip on to see if her husband is plowin or is stretched out in the sun studyin the clouds.

Yours faithfully,
J. A.

Yoemen Mauled By Georgetown

The Cameron Yoemen went down in defeat. It was the third district baseball game loss for Yoemen. Georgetown's George Doe-hring pitched a perfect game Friday afternoon there, to top the Yoemen 10-0 in a no-hit, no-run game.

Alvin Baggerly was tagged with the loss, giving up four runs in the third, three in the fourth, and three more in the fifth.

In another hot District 18-A battle, the Belton Tigers kept their pace with the Eagles, by taking their third-straight victory from the Rosebud Black Panthers. 5-1

3,426 Texans Drafted Since First of 1954

As the armed forces separated each 100 Texans during the first quarter of 1954, state draft machinery and recruiting stations averaged taking into service 84.

This was shown in reports of Brig Gen. Paul L. Wakefield, state director of Selective Service, Friday, when a March report was completed for national Selective Service headquarters.

A total of 3,426 Texans were drafted during the first three months of 1954 while 8,668 enlisted. More than 14,300 Texans were separated from the various forces during the same time.

All draftees went to the Army, while enlistees went into all the services—Army, Navy, Marine Corps, Air Force, and Coast Guard.

The Air Force appealed to more enlistees than any other service, the Army second. Army led in the number of separations, the Air Force second.

During this quarterly period, Texas Selective Service examined 4,902 men, the report showed, 1,664, or 34 per cent, being rejected as unfit.

NHD Week To Be Observed May 2-8

National Home Demonstration Week will be observed by 40,000 members of Texas Home Demonstration Clubs May 2-8.

Women in the 1,900 Texas clubs will observe a special theme of "Home—the Cornerstone of Freedom." On the national scope 3 million women in 62,000 communities will take part in the week.

Purpose of the observance is to call attention to the achievements that farm and ranch women have made through organized planning and action.

Women who take part in the home demonstration work do whatever seems most important to them in improving their homes or helping their families. Today community centers, hospitals, civil defense are profiting from their work.

Extension work in Texas is carried on cooperatively by the United States Department of Agriculture, Texas A & M College System, county commissioners courts. The home economics extension program, or the home demonstration program, is an educational program for adults which offers a variety of opportunities for learning during everyday living and for leadership in community activities.

Texas has a total of 233 county workers helping the women in home demonstration work.

John Ben Shepperd Seeks Re-election As Attorney General

Texas Attorney General John Ben Shepperd formally filed for re-election to a second term today, subject to action the Democratic primary.

In his announcement Shepperd pledged continuing war by his office on "Crime, Communism and Corruption."

"We feel our quick action in checking the drive by the Communist party to take over key Texas ports and our fight in Duval County to uncover and halt the theft of public funds both have won approval of the people."

Shepperd, who was elected Attorney General in 1952, after serving two years as Secretary of State, is 38 years of age and a native of Gladewater, Texas.

In his race for Attorney General two years ago, Shepperd received 80 percent of the votes. In his home county, Gregg, and in Travis county where he now lives, he received more votes than ever had been cast for an Attorney General in the history of either county. As yet, he is unopposed for re-election.

During his first year in the Attorney General's office, Shepperd led important actions for the state such as defense of the Tideland Act, made proposals to ease the Texas drought areas, and successfully blocked a communist threat to Texas ports and oil and industrial centers.

In February he became the first state official to take definite action against Duval County irregularities when his office began an intensive probe of school district and county records.

Last summer Shepperd exposed a mail-order cigarette tax swindle operating in Texas. His office has stopped hundreds of out-of-state corporations from doing business in Texas without permits, and completed a large number of anti-trust actions.

During 1953 his office won 97 percent of its cases — 1199 out of 1232 tried or appealed. In the same year his office recovered through judgements, fines and attorney General John Ben Shepperd forfeitures, enough money to operate the Attorney General's office for 25 years.

As an economy measure Shep-

perd reorganized the Attorney General's department when he took office. In 1953 he reduced his office's telephone bill by more than half, travel expenses 25 percent, issued an opinion cutting his own salary \$2,000, and submitted a budget request so low that his office was given more than it asked for. At the year's end he returned \$25,000 in unused money to the Treasury.

Shepperd serves on 34 boards and commissions of the state government including the State Banking Board, School and Veterans' Land Boards, State Tax Board, and State Elections Board. He is present southern regional chairman of the National Association of Attorneys General.

Shepperd has incorporated measures in his administration to synchronize and improve law enforcement. He sends out a monthly newsletter to all Texas law enforcement officers, and compiled and distributed a peace officer's handbook, and holds annual conferences for law enforcement officials.

Attorney General Shepperd was the organizer and first secretary of the Texas Economy Commission. He is former president of the Sabine River Watershed Association, former member of the State Board of Education, and former chairman of the Texas Election Laws Committee.

He is a member of the Lion's Club, the American Legion, and is a lifetime member of the P. T. A. He has served on the board of the Christian Churches for the past ten years.

Shepperd is a graduate of the University of Texas School of Law and holds two honorary Doctor of Law degrees, from North Texas State College and Chapman Christian College of California. He served three years in the U. S. Army during World II.

He is married to the former Mamie Strieber of Yorktown and they have two sons, Skipper and Johnny, and twin daughters, Suzanne and Marianne.

Cameron Girl Enters Contest At SWTSTC

Charlene Griffin of Cameron will represent the New Co-op for Women in the bathing beauty contest which will be a feature of Frontier days to be held April 28-29 at Southwest Texas State Teachers College.

Jesse Kirk, Jr. Begins Shipping From Falfurrias

Jesse Kirk, Jr., one of the largest independent growers and shippers of cucumbers and watermelons in Texas, is now shipping cucumbers from Falfurrias on an average of 900 bushels per day. He has set up his own grading and waxing machine and is doing his own packing. He is storing them in his own vaults to keep them fresh until they are loaded on his own trucks and delivered to any state in the union and also Canada. They are loaded in refers that are refrigerated, therefore, they are still fresh when they reach the customer's door, where ever he is located. He is gathering these fine No. ones from 100 acres tract that is irrigated.

Kirk also reports that he will start shipping Black Diamond watermelons in a light way from Falfurrias around May 10, and expects to be in volume production by May 17. He will have 725 acres of melons from which to draw his supplies during the shipping season.

Kirk makes a practice of shipping only red ripe watermelons and sees to it personally that all loads are properly graded and that the melons are of uniform size. His watermelon acreage is planted from selected seed. The fields have been well fertilized, cultivated and every precaution has been taken to protect the vines from insect infestation and diseases as well as against blowing sands. As a result, the vines have good runners and a healthy set of young melons. The fields are clean, free of weeds and grass. Recent rains have put enough moisture in the ground to insure the maturity of the crop.

Kirk now is starting to plant watermelons in his home area around Cameron. He estimates it will be late July before these fields will reach maturity. This year he will not have to rely upon others for transportation facilities. He has a fleet of 25 over-the-road trucks available for hauling watermelons, with protection, to any part of the country.

An experienced watermelon buyer, representing a national

food organization which purchases hundreds of cars and truckloads of watermelons annually, after looking over the fields in the Falfurrias district and especially those of Kirk's, said, "I have never seen finer prospects. The fields are clean and well taken care of. Barring any unforeseen mishaps the Falfurrias district and Kirk in particular, should ship the finest melons this year that have ever been produced in Texas."

Thrips Damaging Young Cotton; Farmers Urged To Poison Now

Young cotton now up and past the two leaf stage is being damaged by an unusual early attack of thrips. This is due to a warm winter and the early drying up of blue bonnets and other host plants of the thrip as a result of dry weather.

How Do I Recognize the Thrips?

Thrips are very small bugs, pointed at both ends. They are when disturbed. The adults can be very active insects, especially when disturbed. The adults can be easily identified by narrow, fringed wings which greatly resemble a chicken feather. Thrips spring or fly readily, turning up their tails as if to sting. They vary in color from light yellowish to almost black. The thrip most prevalent on cotton in Texas is the onion thrip which is a pale yellow-green color.

Where Do Thrips Come From?

Thrips attack many plants, including weeds and small grains. They usually migrate to adjacent cotton when such crops are harvested or become mature. Weeds on ditch banks or fallow land near cotton also provide a source of thrip infestation. Tap a blue bonnet in your hand and watch the thrips run in every direction.

When Do Thrips Attack Cotton?

As soon as cotton emerges from the ground.

What Sort of Damage Do Thrips Do?

They suck sap from the leaves and buds, causing retarded growth and malformed seedlings. Young leaves are left ragged and often

Coronation Service Set Sunday, May 2 At Baptist Church

The Woman's Missionary Union of the First Baptist Church will present a Coronation Service on Sunday night at 8:00. Miss Barbara Jo Young and Miss Wilma Baldridge will be recognized as "Queens In Service," an honor very few have achieved in the State.

Local Automobile Service Man Attends Unique School

M. C. Duncan of Duncan Motors is one of the first automobile men in this area to complete formal training in the installation and servicing of automotive air conditioning equipment.

The training school which M. C. Duncan attended is conducted by A. R. A. Manufacturing Company of Fort Worth, Texas, producers of the Refrigerair line of automotive air conditioners. A. R. A.'s Factory Training School is the first of its kind in the country.

Instruction, which is free to automobile men, is under the direction of specialists in the field of automotive refrigeration engineering, and a certificate, stating that the student is fully qualified to install and service automotive air conditioning equipment which more and more motorists consider a necessity. The A. R. A. Training Course is part of a program designed to help automobile dealers and garage men meet this rapidly growing demand.

Walter Lester of Cameron Seed Co. Holds Important Egg Program Meet

A meeting was held at the Simon-George Memorial Hall, April 22, 1954, for the purpose of discussing a GRADED EGG program. J. J. Kurtin, Director of Marketing with Universal Mills, gave a detailed discussion on the marketing of eggs and what the consumer expected when buying eggs. He also stressed the importance of the care of eggs after they were gathered.

The high-light of the evening was a discussion by a USDA government grader who showed the producer just how eggs were graded. Eggs were compared as to quality both with a candler and then broken to show what they actually looked like. Mrs. Draper, the USDA grader of fifteen years experience, assured the audience that the graders are all bonded graders at the Teich Poultry & Eggs Produce and the grade they place on eggs is the true grade.

Walter Lester of the Cameron Seed Co., has been interested in a GRADED EGG program for quite some time and through his efforts, and the Universal Mills, a sound program is on the way. The folks that attended the meeting are all well-pleased with the program.

Anyone interested in this GRADED EGG program can contact Lester at Cameron Seed Co.

Patrol Activities Of Austin District Reported This Week

The March, 1954 report of the Austin District Highway Patrol Activities has been released by E. K. Browning, Jr., Captain, of Texas Highway Patrol, Austin District. The report covered all rural accidents investigated by the Texas highway patrol. Milam county is included in this district.

There are 26 Texas highway patrolmen covering these thirteen counties that are part of this district.

During March 4 persons killed in fatal accidents, 54 persons injured and \$59,177.50 property damage resulted as cause of accidents.

Seventy accidents occurred on State and Federal Highways, 9 on Farm to Market Highways, 16 on County Roads and 9 in small towns.

Speeding was the principal violation and causative factor of 69 of these accidents. Thirty-four were caused by drinking, 23 by reckless drivers and 20 who failed to yield right of way.

During February, nine persons were killed, 47 persons injured and property damage amounted to \$53,461.00.

Captain Browning said the basic function of the Texas Highway Patrol is traffic supervision. They direct traffic, investigate traffic accidents and enforce the traffic laws.

During this month, the patrol-

Visitors ate 20,000 cookies and used 15,000 paper napkins. So that they would remember their visit to the Rockdale Works, the guests were given 15,000 aluminum souvenirs and 7,000 toy balloons. In addition to these souvenirs, each Rockdale Alcoa employee was given an ash tray and a note of thanks from Rockdale Works Manager J. D. Harper.

R. R. Sugg, general chairman of the open house committee said, "The success of a 'party' such as ours is due to the thousands of people who came to see our plant. To them we give a hearty thanks."

"On the other hand," he said, "we feel that the success of the Open House was due to the active participation by all Rockdale Alcoas."

"As general chairman of the Open House Committee and on behalf of management, I commend them," Mr. Sugg said.

Mayor Horstmann reappointed Frank Richter, Sr., fire truck driver; Bill Richter, assistant fire truck driver; John Eanes, fire marshal and Carl Black fire chief. Roy Griffith was named Mayor-Pro-Tem.

The Council discussed the job of furnishing and installing the street sign posts. The Mayor was authorized to enter into a contract with the Allied Chain Link Fence Co., Inc., Cameron Texas with Jack Tumlinson, agent. Three hundred 2-inch seamless galvanized pipe, 9 feet long which will be installed in concrete two feet deep and 8 inches in diameter, will be purchased from Tumlinson at \$5.40 per pipe installed. The contract would also call for installation not to exceed 60 days after beginning of installation.

Robert Weems asked the council to complete the original contract of street paving, from both Jefferson west to East 27th, which is approximately 350 feet.

The motion carried.

The question of setting Rev. J. Frank Steele, pastor, Battetown Baptist Church, have the city park for a Church revival was brought up. The Council voted to let him use the city park for approximately two weeks, for a religious revival. Rev. Steele and Momer Harris appeared before the council asking permission for the use of the park.

The final item taken up by the council was the request of Harry Rogers for material to replace Airport runway markers. The Council agreed to furnish the material.

Present at the meeting were Mayor O. B. Horstmann, City Attorney Roy Baskin, City Marshal Joe Richter and Aldermen J. C. Andres, Gene Blake, Robert Weems, Milton Schiller and Roy Griffith.

BLACK —

ing people and is both friendly and cooperative in service to the people as a whole.

Sheriff Black has performed his duties well and established a good record in solving cases that have come before him. He is both kind and fearless in the discharge of his duties as a sheriff. As a result of experience gained while serving as Sheriff of Milam County he is in a better position to serve the people, and in making his announcement pledged the people that he would do everything possible to be fair and impartial.

Mr. Black was born and reared in Milam County and as a native is well acquainted with the desires and expectations of

his people. Sheriff Black has stated that it has been a privilege and a pleasure to serve the people of Milam County during the past. In discharging the duties of his office, Mr. Black has had cooperation and success to the people for the measure of law enforcement and success that have made his services to the county as a sheriff so outstanding. He asks that the people continue to give their cooperation and in return he pledges the discharge of his duties to the office in the same manner as in the past.

Mr. Black plans an active campaign and will like to contact every one during the time, and will greatly appreciate your vote and support in the coming primary.

Mr. and Mrs. Black have two children. Their daughter, Miss Martha Virginia Black, is now a faculty member in the Corpus Christi public schools. After receiving her bachelors degree from

BLANSIT —

bomber. The accuracy of this machine is guaranteed by the manufacturer to be 98 per cent in speeds ranging from 0-100 miles per hour.

The uses of this machine are many, - the investigation of complaints in regard to speed - to measure the effectiveness of patrol car enforcement - to check speed for comparison with acci-

dent statistics - and finally for enforcement of the speed laws themselves. This enforcement may be against drivers either traveling at high speeds or at very low speeds.

In Texas, during the last five years, there have been 11,779 people killed in motor vehicle traffic accidents. Now, 8,557, or 72 per cent, of these victims were killed on rural roads. These 8,557 traffic deaths were killed in 6,934 rural fatal accidents. In 60 per cent of these accidents only one driver was involved and in 37 per cent of these rural fatal accidents, the drivers did not collide with anything. For the most part they simply ran off the roadway or turned over in the road due to a high rate of speed.

These figures help point up the facts, the Highway Department reported, that Speed is Public Enemy Number 1 in Texas and is a prime factor in Texas motor accidents on rural highways.

There are only three radar speed devices located in the State at the present, however, some time in the near future, each District will receive a machine. The effectiveness of this device will be shown in a demonstration given by the Highway Department, and one will be staged in Cameron, a date to be later announced. The purpose of the demonstration is to rammarize the general public with this new machine. Everyone will be eligible to witness the demonstration when it is held.
